Dasari Anil Kumar

anilkumard707@gmail.com || +91 9381475597 | Linkedin: Dasari Anil Kumar

CAREER OBJECTIVE

Dedicated to utilizing my skills to conceive valuable initiatives for organization. Committed to delivering high-quality solutions and continuously pursuing knowledge and innovation to be an invaluable asset.

EDUCATION

KSRMCE - JNTUA
B.tech in Computer Science
May 2022 || Cuddapah, AP
CGPA: 8.4 / 10.0

NARAYANA JR COLLEGE
Intermediate in MPC
Mar 2018 | Kurnool, AP
Percentage: 97.8

AP MODEL SCHOOL
May 2016 | Alur, AP
GPA: 9.3/10.0

SKILLS

TOOLS AND TECHNOLOGIES:
Web Development:
Adobe Experience Manager (AEM) 6.5
HTML
CSS
JavaScript
jQuery
Bootstrap
Sightly
Tailwind Css

Programming Languages:
JAVA
C,C#
PYTHON

Data Science and Machine Learning:
Machine Learning
Data Science

Domains/Sectors
- Marketing
- Finance
- Education
- Healthcare

PERSONAL TRAITS

- Collaborative
- Adaptability
- Curiosity

CERTIFICATIONS

- Microsoft Azure Fundamentals(AZ-900)
- Microsoft Azure AI Fundamentals(AI-900)
- FreeCodecamp Responsive Web Design

EXPERIENCE

HCL TECHNOLOGIES | Senior Software Engineer
SEP 2022 - Present | HYDERABAD, INDIA
During this Period:

- Designed and developed custom **AEM components** to meet project requirements, enhancing the functionality and visual appeal of web applications.
- Created templates in AEM to standardize page layouts and design elements, facilitating consistent branding and user experiences across the website.
- Utilized **OSGi** configurations and Sling models to extend AEM functionality and streamline development processes, ensuring modular and scalable solutions
- Implemented **workflows** in AEM to automate content publishing, approval processes, and other business workflows, improving efficiency and governance.
- Implemented and configured content fragments in AEM, optimizing content management and reuse across different pages and channels.
- Set up **AEM instances** for Author and publish ensuring smooth deployment and operation of AEM projects.
- Engaged in self-learning by creating models using Kaggle datasets, demonstrating a proactive approach to skill development and staying updated with emerging technologies in **data science** and **machine learning**.

APSSDC | Datascience With Python | Intern
April 2021 – JULY 2021 | Kurnool, AP

- Completed a three-month internship at APSSDC, focusing on preprocessing raw data and building machine learning models under mentorship.
- During my internship, developed and deployed a machine learning project that predicts **student performance** based on input variables.
- Received certifications upon completion of the internship, demonstrating proficiency in data preprocessing and machine learning techniques.

AWARDS

- Prathiba Award from Andhra Pradesh State government in 2016.
- HCL ERS Champion Award twice in the Annual 23-24(AMJ,OND).
- Honored as Vice President for the IEEE Committe at KSRMCE, and have conducted several college and district level workshops and cultural events
